Advanced Software Management Catalog

Software catalog reference | Source last updated: April 27, 2026

Total catalog count	310 software entries
Platform limitation noted by source	Advanced Software Management is supported for Windows OS devices only; it is not supported on ARM-based Windows devices.
Included data	Application catalog entry with vendor, tier, version, and release date as published by safemode IT.
Generated for	safemode IT internal operations and reference use

Catalog List

Note: The source table labels the data as Application, Vendor, Tier, Version, and Release Date. This Word version preserves each published row as a catalog entry to maintain source fidelity.
